Tuesday, 17th September 2013

M.Brooks, M.Faggioli, G.Neefs-Verbruggen, T.Sedej, C.Steins, M.E.Claro,

Approved at Annual CEPA Meeting with the Nations

On Friday, 20th September 2013

FINAL Decisions for 2014

- I. **a)** Figures: change three turn/double three/bracket: reduce the number of executions to 2 instead of 3.
- b)** Axis of the circles: marks, drawn on the floor to indicate the longitudinal axis and the axis for the double three on the floor ARE NOT ALLOWED.
- c)** Cadets: duration of the long program will be 3 min 30, with a limited number of jumping elements: 6 max. Jumping element is, Solo Jump OR Jump Combination. Example: Double Lutz-Rittberger-Double Toe Loop as a combination is one Jumping element and Double Flip is one jumping element as well
- d)** Short program Cadet & Youth: order of jump elements remains the same i.e. in the 1st, 2nd and 4th out of 6 set elements. . However, the skater has the free choice to determine which of the jump elements is done, in this order.
- e)** Free skating: the athlete called gets the opportunity to enter the rink and feel the floor, without jumps or spins, during the announcement of the score for the previous contestant. Area: 5m deep at the entrance of the rink (Short Axis), without disturbing the judges.

FINAL Decisions for 2015

After receiving proposals from Nations during the year, the following changes in CEPA regulations will come into effect from January 2015:

II. **Changes in the CEPA rules for 2015:**

- a)** LUTZ jump: outside edge is compulsory. Technical description will follow later. The Lutz type of jump (single, double, triple... WITH outside edge take-off) will be a set element in the long programme for minis, espoirs and cadets.
- b)** TOELOOP element becomes a set element in the long programme for youth.
